### **DETAILED ACTION**

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 6-7 are rejected under 35 U.S.C. 102(b) as being anticipated by McLeod '028.

McLeod discloses in figures 1-6 a therapeutic vibration apparatus comprising a vibration platform 11, a vibrator 15, a base frame 12, a resilient support (13, 17), connected between the base frame and the vibration platform and one of the resilient supports 17, has a height less than the height (the highest point of 13), of resilient support 13.

### ***Allowable Subject Matter***

Claims 1-5 are allowed.

### ***Conclusion***

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Johnson, McLeod '991, McLeod '975 and Bassett '388, each discloses a therapeutic vibration apparatus.
